Scientific Equipment and Instruments Since 1973

About Us

With over 45 years of experience supplying scientific instruments to businesses across Oceania, Imbros is your go-to consult for equipment, support and advice - whatever your needs.

Started in 1973, Imbros has grown into one of Australia's largest and most trusted suppliers of Laboratory consumables, instruments and equipment. Based in Cambridge, Tasmania, Imbros can source all of your needs from our extensive network of over 100 brands and manufacturers.

We support a range of industries, including Education, Aquaculture, Agriculture, Hospitals and Medical Research, Military and Defence, Food and Beverage Production, Energy, Antarctic Science, Oceanography, and many more.

You know what you want to do - it's our job to help you do it.

Our Services

With so many options available to choose from, selecting the right equipment can be a daunting task. Imbros experts are here to help you find and source instruments perfect for your needs and budget.

Unlike suppliers from the Mainland, Imbros also has a dedicated department of local engineers and support staff. Our mission is to ensure you receive all the quality assurance, repair and calibration your business needs to get the most out of all your new equipment.

After Sales Services

- **Installation**
- **Servicing and Calibration**
- **Warranty Support**
- **Preventative Maintenance**
- **General Repairs**

Services for Pharmaceutical Research and Production

Imbros regularly supplies the following products and equipment for Pharmaceutical researchers and manufacturers:

- Glassware and Plasticware,
- Laboratory Safety Gear,
- Chemicals, Solvents, pH Buffers and Solutions
- Hygiene and allergen testing equipment and reagents
- Centrifuges,
- Incubators, Heating Blocks, Stirrers
- Thermometers,
- Microscopes and supplies
- Balances and Scales,
- Hydrometers
- Spectrometers
- Moisture Analysers
- and much more

If you're looking for equipment, engineering services, instrument calibration, quality control, or anything in between, get in touch. We'd love to hear from you!

Our Work in the Field

Imbros takes great pride in our work with many Australian and International Pharmaceutical research and production plants.

These include institutions such as Tas Alkaloids, Tasmanian Botanics, The Menzies Institute and more.

Through our in-house engineering department, we will ensure your important equipment works with as little downtime as possible, while giving you the most accurate results.
